Subject : Foreign Currency Differential Adjustment

Gentlemen :

We would like to inform you that effective fifteen (15) days after publication, water rates for the customers of Manila Water Company, Inc. ("Manila Water") will have a Foreign Currency Differential Adjustment (FCDA) of 3.92% of the basic charge or Php0.97 per cubic meter. This adjustment is based on the exchange rates of US$1:PHP49.8626 and JPY1:PHP0.4527.

As provided in the Concession Agreement between Manila Water and the Metropolitan Waterworks and Sewerage System (MWSS), the FCDA is a tariff mechanism formulated to account for foreign exchange losses or gains arising from the payment by Manila Water of concession loans and foreign currency-denominated borrowings of the MWSS, as well as loans of Manila Water for service expansion and improvement of its services. The FCDA has no impact on the projected net income of the company.

Very truly yours,

JHOEL P. RAQUEDAN
Chief Legal Counsel
Assistant Corporate Secretary
